

Devils And Angels (Hatred)

Rufus Wainwright

Hatred on the horizon
Must be assumed for the ascension
Shatter the scepter
Lower the drawbridge
Drain the moat
Empty the catapult

Hatred on the horizon
Must be assumed for the ascension
Unlock the padlock
Swallow the key
For any prisoners
There won't be any need

Hatred on the horizon
Must be assumed for the ascension
Sit out and wait
Wait on the throne
For it to take
And for the beasts to come

Devils, devils and angels
I'm gonna give myself away
I'm gonna give myself away
Dispense with the niceties

Over over to neither
I'm gonna give myself away
I'm gonna give myself away
To the monstrosities

Hatred on the horizon
Must be assumed
For the ascension
I hear galloping

Scent of blood
Under the fire
Behind the flooding

Devils
Devils and angels
I'm gonna give myself away
I'm gonna give myself away
Dispense with the niceties

Over over to neither
I'm gonna give myself away
I'm gonna give myself away
To the monstrosities

Give away
Give away
Give myself
Give myself away
Give myself away
Give myself away
Give myself away
