

## Go Leave

Rufus Wainwright

Go, leave  
She's better than me  
Or at least she is stronger  
She will make it last longer  
That's nice for you

Go, leave  
Don't come back  
No more am I for the taking  
But I can't say that my heart's not aching  
It's breaking in two

I remember days when we laughed a lot  
Those that weren't so good I soon forgot  
We could sit and talk till words  
Were coming out our ears  
Not just for days or weeks or months  
But it's been years  
Now here they come  
Here they come here come my tears

Go, leave  
You've said goodbye  
But could it be that you are stalling  
Hearts have a way of calling  
When they've been true
