

One Shot

Rufus Wainwright

One shot to save the world!

Act one is running too slow and it's got to liven up
It is in act two where you deliver
Must be more of a build to the show
Instead of one shot to save the world!

One shot to save the world!

Listen here Myrtle
I know that you can jump this hurdle
I know that you can make it rise or make it crumble
Save or ruin the world

One shot to save the world!

Listen here Manny
You're really acting quite uncanny
I ain't trying to reinvent the wheel here baby
Make or ruin the world

One shot to save the world!
