

## Only the People That Love

Rufus Wainwright

Only the people that love, may dream  
In the world of the silent scream  
Only the people that love  
Mean gotta love mean

'Cause love means  
Go on and do it  
Love mean go ahead and do it  
Love means go on and say it  
Love means go ahead and say it  
Everything

Only the people that love may cry  
In the world of eternal goodbye  
Everyone else oughta just die  
Gotta love die, 'cause

Love dies, go on and do it  
Love dies, go ahead and do it  
Love dies, go on and say it  
Love dies, go ahead and say it with your eyes  
Go on and do it  
Go ahead and do it  
Go on and say it  
Go ahead and say it  
Don't be shy

Only the people that love  
Only the people that love  
Only the people that love  
May fly  
May fly  
May fly  
May fly  
May fly
