

# Technopera

Rufus Wainwright

Desperate, I cannot believe it  
Planet falling apart  
Selling, can't take it or leave it  
Torture, your lonely heart  
I don't want to leave  
Your lonely heart  
Your lonely heart

I don't want to leave  
I don't want to leave  
I don't want to leave  
I don't want to leave

Mother, riding over your shoulder  
Running, running in the dark  
Daughter, climbing over the border  
Driven down the boulevard

I don't want to leave  
I don't want to leave  
I don't want to leave  
I don't want to leave

Your lonely heart  
I don't want to leave

I don't want to leave  
I don't want to leave  
I don't want to leave  
Your lonely heart
