

Can you touch your ten toes
Can you touch your ten toes

What you gonna do
If you're on a blind date
And you find out it's me eventually
Act like I never planned it
Can you handle the surprise mentally
Yeah I know it's just the first date
But can you touch your ten toes in my Escalade
Shii you play COD
I like you already

Matters arising
Listen when I say
I will not waste your time so make your mind dey
It's not my business
I will still like to know what's your mileage
If you get to know me
I be bad boy by night, a pastor by day
I'm not here to violate you
Why ah

Nuh fit lie
Girl too fine
When were you born?
99
Aunty Kai
Don't be shy
Let's visit your grandma 69
What's the vibe?
Wetin you like?
Pant to side
Pull out or I leave it inside
Supersoka, River Nile
We no go go there if you don't feel like

BDSM, all day I'm handcuffing her
Ask for consent not drugging her
Normal procedure not forcing her
Want it in her upper entry I put a plug in her
It's all my doing I'm not lucky na
I went too deep, I got stuck in her
She talking 'bout the little ones I'll drop in her
I'm not trusting her

Matters arising
