Ruger

Any challenger, make I see your hands in da air
Dem ah never know what them 'bout to face
Me already know say the battle fierce
Hmm

Anytime we step in dem yard dem ah re-arrange
Dem ah park well, dem ah ponytail
That's why me I pray for the steady grace
Hmm

All ah them bow
Anytime they see me all ah them must bow
All ah them bow
Them try corner me but me never allow, hmm
All ah them bow
Anytime they see me all ah them must bow
Hmm
All me brothers high on Henny and loud, and loud

This the kinda life that me prayed for
Steady getting the grace me never paid for
Pray on me knees to da saviour
Make me parents eat the fruit of dem labour
In a minute, in a minute
When the nigga blow all dem fakers dem ah switch
Drop your fucking ego down
Sit down, lemme teach
Them try face me but all ah them nuh reach
Born sinner we be
Jah, please do forgive
Only you we serve, only you we believe
Send ya mercy, Jah, please forgive, hmm
Jah, see as we be
Hustling, so we live
Plenty evil wey me eye don see
Send ya mercy, Jah please forgive
For real ah

Any challenger, make I see your hands in da air
Dem ah never know what them 'bout to face
Me already know say the battle fierce
Hmm
Anytime we step in dem yard dem ah re-arrange
Dem ah park well, dem ah ponytail
That's why me I pray for the steady grace
