There are plenty fish inna di water
But I'll catch you in particular
I'll never ask you twice
You've got no choice
Your night shall end with me
You can act like you don't fuck with me
But you can't say you don't know Ruger
You'll never find me twice
Cos me a rare type
You better just know
If I don't leave with you
Nobody leaves with you
Mi gwan give it to you
Under my duvet
If I don't leave with you

If I don't end up taking you home tonight
If I end up being alone tonight
I hope you never find love tonight
It's a critical condition I'm in tonight
Better carry your bag and get in my ride
I don't wanna use my soap tonight (no)
