

I Want Peace

Ruger

I don't want peace
I want problems. Always

When I talk
Baby don't talk to me back
Can't talk to me back
You don't talk to me back, huh see
If you walk
You better don't run to me back
You can't run to me back
Don't run to me back, huh see

When I talk one
You talk sixteen
Small thing turn big thing
Baby are you reasoning with me?
Girl I'm in need
Of love and understanding
Do what I ask or let me be
It is high time you set me free

Shey you dey see, eh
The anger you dey unleash, eh
E better make you breathe, eh
Coz baby I want peace, eh
Me I no believe, eh
Wetin you dey unveil, eh
Me sef I no go gree, eh
Coz baby you don't want peace, baby

Girl I love you
But I'll never ever let you
Get away with all these attitude
Tell me what the hell's really wrong with you, baby?
You never told me
I'll have to adapt to
Pressure of this magnitude
I'll never be the man you want me to be
Know this and know peace

When I talk one
You talk sixteen
Small thing turn big thing
Baby are you reasoning with me?
Girl I'm in need
Of love and understanding
Do what I ask or let me be
It is high time you set me free

Shey you dey see, eh
The anger you dey unleash, eh
E better make you breathe, eh
Coz baby I want peace, eh
Me I no believe, eh
Wetin you dey unveil, eh
Me sef I no go gree, eh
Coz baby you don't want peace, baby

Shey you dey see, eh
The anger you dey unleash, eh
E better make you breathe, eh
Coz baby I want peace, eh
Me I no believe, eh
Wetin you dey unveil, eh
Me sef I no go gree, eh
Coz baby you don't want peace baby
