Make way  
You gotta see what I came with, uhn  
Make way  
Make I divide you, you're are Niger, river Benue  
You trynna leave, jọ make way  
I hear say you dey water, you dey lekwe  
Shade, open your gateway  
Make I know whether we dey on the same wave

What are you on tonight?  
Girl, you look good  
I know anytime you hear that (Hear that)  
How you are hearing it from me is a different vibe so me no care who you are  
with  
Who you are with  
Who you plan to be with, e no reach  
Baby, hug it  
Wee-wee on it  
Baby fall with me, ah

You trynna leave in a rush  
No dey leave me on  
I believe in lust  
Make I no go turn pillar of salt  
I dey try believe in love  
E no go easy, no  
No dey leave me run  
I no fit miss am ọmọ yẹn devilish
