Tell me who go supply your needs
I don't come in peace

I know you moved on pretty fast, but
I know you no go fit gimme chance, but
Can we have a likkle chat coz
I'm squeezing in your little tight bus
Put your face on my dashboard
Make I wing in like Rashford
Alẹ yii maa bad gan-an, that's all!
Baby, you're not done until I say I'm done with you
We're not done until I say I'm done with you
Baby, you're not done until I say I'm done with you
Baby, you're not done if I'm not done

Who you be, who you be wey you wan leave me?
Who goes you, baby, why you won leave me?
Who you be, who you be wey you wan leave me?
Who blend you, baby, why you wan leave me?

Veronica, I know you like it any time I put it in your puna
Punani o, ride me like e Fera, Ferrari o
Does he do it better? The answer is no
And then every time I see you
You always bring me something that is wetter
Tsunami o
When you leave your nigga, I dey happy o
Wrecking your walls like say you dey Jericho o
When you get password
No limit to what you can ask for
You forget you get asthma
Inhaler sef come to action
It's your case I got time for
See the Rollie cost a thousand more
Na hundred dey my dashboard
We still going until morning o

I know you moved on pretty fast, but
I know you no go fit gimme chance, but
Can we have a likkle chat coz
I'm squeezing in your little tight bus
Put your face on my dashboard
Make I wing in like Rashford
Alẹ yii maa bad gan-an, that's all!
Baby, you're not done until I say I'm done with you
We're not done until I say I'm done with you
