Do you really think after seven years deep I'm ending up single

Have you thought about the long time it will take us to recover
and heal you know
Girl you're broken, you'll be a danger to the love society if I
let you go, baby

Call me a devil there's no angel in this world
Truly I vex you but try forgive me just because
I'm scared you'll end up with some dude worse
Girl it's 12 AM I'm singing at your front door
