Isolate like an island
Order me like a tyrant, oh

Roll your waist make you buy land, oh
(Spiritual)

She need no permission
Anytime she see the vision
Cremating body anytime you give me seizure
Full affiliation you need no deliberation
That's what me need right now
Putting mi dedication
Full annihilation
You need no deliberation
Call me master
Call me master
That's what me need right now

I surrender to your dangerous body
To your dangerous body
Surrender to your dangerous body, yeah yeah
Baby mi surrender to your dangerous body
To your dangerous body
Surrender to your dangerous body, yeah yeah

Girl, you render render render me useless
Render render render me useless
Girl, you murder murder murder my conscience
Render render render me useless

Finding peace in your violence
See your rays ultraviolet o
(Spiritual)
Don't you stop all this madness o
Baby break the rules and violate me
Violate me

She need no permission
Anytime she see the vision
Cremating body anytime you give me seizure
Full affiliation you need no deliberation

That's what me need right now

I surrender to your dangerous body
To your dangerous body
Surrender to your dangerous body, yeah yeah
