

Part Two

Ruiner

The two of us we burned like shining stars
We flicker then faded now it's a f**king black whole
Crushing our lungs, we broke our hearts
The tears didn't flow until the front door shut
The jokes went stale and we forgot how to laugh
Some good things they never will stand a chance
I guess you and me baby we were doomed from start
I should have stayed on the road and never came back
Sometimes I think I could have tried just a bit more then I did
but I'd be lying to myself if I thought it would have helped
Not everybody is meant to be no body is meant for me
I don't need your pity I don't need your time
I'll just borrow love I borrow lies I tell myself a lot of thin
g
I sleep alone a lot of nights I'm in love with a lot of lies
No one saves me from me, from me Ill always blame myself
Some habits never change I love a train wreck I love a sad song
Maybe I do this for me maybe you were right about maybe you wer
e right about me.
Some good things aren't meant to be Nothing is meant for me
There is no fairy tale ending
There is no happily ever after
You just live, you just die but maybe you're a lucky one
