

Kill The Trolls

Rumahoy

Ahoy shipmate, it's time to quest
There are lots of trolls to the west
Trolls to kill and trolls to fight
We must kill the trolls tonight
Grab your gun and grab your rum
Grab your sword lets have some fun
First to kill a hundred trolls
Gets to fuck my pirate hole

The trolls are coming, The trolls are near
Where are the trolls ?, Does anybody know ?
The trolls are coming, The trolls are here
We've got a pirateship, So have no fear

Kill the trolls, fight the trolls until they're dead
Kill the trolls, shoot them with a cannon
Kill the trolls, fight the trolls until they're dead
Kill the trolls, shoot them with a cannon

I went to a tavern to drink some rum
It was full of trolls, so i shot them with my gun
Trolls in the ceiling, trolls in the floor
Trolls in the walls and trolls at the door

Kill the trolls, fight the trolls until they're dead
Kill the trolls, shoot them with a cannon
Kill the trolls, fight the trolls until they're dead
Kill the trolls, shoot them with a cannon

Alright you pirate sluts !
I've had it with these motherfucking trolls
In this motherfucking tavern
It's time to kill the trolls !
