

12th & i (Interlude)

rum.gold

I made up my mind that night
But don't get me wrong
I wasn't right
It was easier said than done
Trying to look past all of your lies

I should've swallowed my pride
It was me or you
But I didn't wanna decide

Nobody tells you the bitter truth
The person who loves the most has more to lose

I gave up too much to leave
Broken inside
Backstabbed
Bruised
Hung out to dry
Murder and suicide

I would do it again
If it meant that you had learned your lesson

What a lovely place to die
12th & I
Side by side
Buried where lovers cry

We couldn't run away
Some things we just can't escape

Only one thing in life is certain
Only one thing in life is certain
