

Cut Me Down

rum.gold

I am rocking
Rocking back and forth
Back and forth

I am rocking
Rocking back and forth
Back and forth

Crazy is what crazy does
The ghost of what never was

Crazy see what crazy do
Wasn't a dare but was it ever true

I couldn't live for me
If I'd still die for you

I Couldn't live for me
If I'd still die for you

It's all over
I hope you have to cut me down
Down
Down

It's all over
I hope you have to cut me down
Down
Down
Down down down

Now I'm stuck in the moment
Now I'm stuck in that state

Thought my life could be special
If I took it away

Crazy is what crazy does
The ghost of what never was

Crazy see what crazy do
Wasn't a dare but was it ever true

I couldn't live more me
If I'd still die for you

I couldn't live for me
If I'd still die for you

It's not over
I hope you have to cut me Down
Down
Down

It's not over
I hope you have to cut me Down
Down

Down

Down down down

Down down down
