

# Glory Days

rum.gold

All my glory days  
Seem so far

Oh this city wants to take my life  
What a lovely place for dreams to die

It was so unrequited  
Gave my all to a love that was one sided

Can anybody hear my cry  
I'd kill to make it out alive

Life  
Nobody living knows the meaning of a life  
Can't wait for heaven but you're scared to die  
We laugh to keep from crying looking back on life  
That's life

All my glory days  
Seem so far away  
Oh, this city wants to take my life  
What a lovely place for dreams to die

It was so unrequited  
I gave my all to a love that was one sided  
Can anybody hear me cry?  
I'd kill to make it out alive

I'm the hand that gives but never receives  
Stuck here all these years now I'll never leave  
I will go days in the rain  
Washing my demons away

Lost all of our friends to father time  
Took our dreams and buried them alive

If you had told me I would never grow old  
I'd dream of all the places we'd go

Running through the beaches  
Of Mykanos  
So gorgeous  
I'd never go  
Never saw the beyond our street  
Was only ever you and me

Never had a passport  
In all my life  
Dreaming of paradise  
Never got to say goodbye  
You're the only thing I ever did right

Beaches  
Mykanos  
Gorgeous  
Never saw the beyond our street  
Was only ever you and me

Never had a passport made  
Even though I didn't wanna stay

Now I know my hard times were my glory days

Never had an exit route  
So I never made it out

Everyone I lost back then  
I found again

Never had a passport made  
Even though I didn't wanna stay

Now I know my hard times were my glory days
