

Monuments

rum.gold

Fool me once but
Now I know
Better than to worship
Marble stones

Painted brick and alleyways
Corner stores with nothing on display
Display

Broken homes, is all I know
Burning candles on the corner as memorials
No tourists, made it to my street, but there's a lot to see

I'll show you all the places
Show you all the changes
I'll show you all their faces
All the missing monuments of mine
I'll show you all the bruises
All of the illusion
All these missing monuments of mine

I can feel the ghosts I have hidden away
Pictures on the pavement give me something to say

They can't bury us alive

Living in the shadows of the palace we built
Wonder if they hear the screams from over the hill
Will it ever change if

Broken homes, is all we know
Burning candles on the corner as memorials
No tourists, made it to our street, but there's a lot to see

I'll show you all the places
Show you all the changes
I'll show you all their faces
All the missing monuments of mine
I'll show you all the bruises
All of the illusion
All these missing monuments of mine

You don't have to go too far
You don't have to look too hard
It's all for you
It's all for you
You don't have to go too far
You don't have to look too hard
It's all for you
