

# Can't Come Down

Run River North

I got a feeling, some kind of notion  
Don't want to say now  
Pray I don't break down  
I hear them talking  
Don't want to show it  
I got a secret, I don't want you to know it

Nothing that is coming gonna stand in my way  
Nothing I could do and nothing you could say  
Today, baby, baby

I can't come down  
I'm higher now  
Some may stop at the ceiling  
I'm gonna fly away  
I can't come down

I know you want it  
I hear you calling  
We're burning daylight  
Don't stop, don't waste time  
You can't steal it: this emotion  
I wanna stay high  
Don't stop, don't waste time

Nothing that is coming gonna stand in my way  
Nothing I could do and nothing you could say  
Today, baby, baby

I can't come down  
I'm higher now  
Some may stop at the ceiling  
I'm gonna fly away  
I can't come down

If you go high, go higher, I could stay low  
And I know that it'll be the same, it'll be the same  
Aww, if you go high, go higher, I could stay low  
And I know that it'll be the same, it'll be the same

I can't come down  
I'm higher now  
Some may stop at the ceiling  
I'm gonna fly away  
I can't come down  
I can't come down  
I'm higher now  
Some may stop at the ceiling  
I'm gonna fly away  
I can't come down
