

Funhouse

Run River North

You've got ugly eyes, can't see nothing beautiful
I can sympathize, I was just like you
You can't see it now, eyes always looking down
It takes a lot of pretending to make your happy ending, I wish I had time
Oh shit, the hits keep coming and we're running out of ways to get away
We better come to our senses, put up our defenses, nothing really matters an
yway
It's fine

It's an illusion, why all this confusion?
Happens every day, always been the same way
It's an illusion, no need for confusion
We will work it out, we will work it out

Living in a funhouse
Living in a funhouse
Living in a funhouse
Living in a funhouse

I've got a suspicion that this whole town's getting run right down by a shit
ty magician
For real, we need something better like a wizard in a sweater that rolls wit
h a dragon at its heels
And what's wrong with a little bit of magic?
When everything is tragic, something's gotta give
I swear
We're gonna make it, none of us can take it
None of us can take it anymore
We're not gonna take it anymore, more, more, more

It's an illusion, why all this confusion?
Happens every day, always been the same way
It's an illusion, no need for confusion
We will work it out, we will work it out

Living in a funhouse
Living in a funhouse
Living in a funhouse
Living in a funhouse

Believe me, no one deceives me
I said believe me, no one deceives me
All, all, all
All, all, all
I've seen it
All, all, all
All, all, all
I've seen it
All, all, all
All, all, all
I've seen it
All, all, all
All, all, all
I've seen it
All, all, all
All, all, all
Through walls

Crystal balls
All, all, all
All, all, all
I've seen it

It's an illusion, why all this confusion?
Happens every day, always been the same way
It's an illusion, no need for confusion
We will work it out, yeah we will work it out
