

# Weight

## Run River North

When I'm with you  
Your colors bleed  
And others see the change in you  
Yeah it's true  
No other being  
No it really suits you and it's up to you

And the weight is gone  
The weight is gone  
You're right, I'm not  
Last time 'round the city block  
I stop, you won't  
Green lights and yellow coat

You trace the pages of this book of truth  
You find ones that speak to you  
You find ones that are easy to cut  
You cry wolf, cry wolf, just to cover it up

When I'm with you  
Your colors bleed  
And others see the change in you  
Yeah it's true  
No other being  
No it really suits you and it's up to you

And the weight is gone  
The weight is gone  
You're right (Don't lie) I'm not (Again)  
Don't say things you've never meant  
I'll stop (You won't) you won't (I do)  
I don't wanna die with you

You tear the pages of this book of lies  
Find ones that keep the fight  
Find ones that are easy to cut  
You cry wolf, cry wolf, just to cover it up

When I'm with you  
Your colors bleed  
And others see the change in you  
Yeah it's true  
No other being  
No it really suits you and it's up to you

And the weight is gone  
The weight is gone  
And the weight is gone  
The weight is gone  
And the weight is gone  
And the weight is gone  
The weight is gone  
And the weight is gone  
And the weight is gone  
And the weight is gone  
And the weight is gone  
And the weight is gone

When I'm with you  
Your colors bleed  
And others see the change in you
