

## Time To Go

Rundown Spaz

We caught up and lit 'em up, ain't get to stop and roll  
Don't try to shoot your shot at Loady we be blockin' those  
These bitches fuckin' with the opps so we get to droppin' hoes  
Send them blitz, we stoppin' those, knock em down like domino's  
I want a ap on my wrist whenever it's time to go  
And I'm just searchin' like a blind man tryna find some gold  
Ain't got no diamonds in my teeth but I'm still shinin' though  
Money callin' time to go

So you can't throw them L's up if you ain't one of us  
These hoes will fuckin' set you up, this Glock the only thing I  
trust  
If I catch a fuck nigga outta bounds I'ma leave his brains up i  
n the dust  
These niggas know I stand on business  
Call me mr. never say too much  
This Glock play music like a violin  
Say I'm most hated in the city  
Tell them bih' niggas to come slide then, ride then  
Jumped in that water had to dive in  
But I can't even swim, they tried to drown me, bitch niggas won  
't try again  
They say they love me, niggas lied then, me and my brother we l  
ike 5 in  
They took Lamar from me, I swear to god some mamas cried then  
So when we pull up on they block you hear dem choppas firin'  
New year's resolution  
Keep pushin' forward, get some money before an execution  
I'm from the bluff where shit get rough, I done got tired of sh  
ootin'  
Did too many crimes, I did the time now I invest in music  
Brudda and them got tired of losin'

We caught up and lit 'em up, ain't get to stop and roll
