## Rundown Spaz

Forty-one my favourite number  
Don't ask me why I said that  
'Cause if I tell you that  
I might just see your ass with red, ayy [?]  
Nigga wanna say "Come to the loop"  
That's where the feds at  
They brought a fat-ass, tried to run [?]  
That 6-2 knocked his head back [?]  
I know you heard about ff, ff  
Got hit in the face  
That murder gang nigga claiming he was gangster  
Told on gang case  
Nigga tell him how your partner died  
You didn't shoot your gun, you ran away  
That goofy nigga brother kicking my ass  
Can't even stand straight

Right back to the hood to catch an M  
I need some bands to play  
A nigga 'tryna buck, then he get bucked  
This ain't no temple, bae [?]  
I heard they knocked his noodles out his head  
I hate they seen his brain [?]  
Yeah, this your fat ass brother  
Am I rushing, healing up my pain?  
If he say he gon' do this and that  
I know that nigga lying  
If I hop out, better run  
This shit official, Call of Duty, aim [?]  
It's a war zone in my city, nigga  
We ain't playing no shooting game  
This switch, beat his ass  
Take off my belt, I'm just like Pudi time [?]  
Say, when I couldn't afford no Shiesty mask  
I had to use a shirt  
We hop out with them choppers  
We'll do anything to get you merked [?]  
Trigger finger hit you, [?]  
Chopper clap and lay you down at church [?]  
And all these niggas know  
I'm smoking forty-one, I ain't tell my dirt
