

No, I can't stand the tension
No, I can't stand the weight
Something I forgot to mention
Is I don't know if I'll stay
I don't know what I want
Don't know if I should go
I just need to feel something
If I leave then will I know?

I can't say it louder, then I'll mean it
Don't you make me
Once we saw something, near beating
A secret

It's real, just so you know
If you're leaving, why won't you let go?

No, I can't stand the tension
No, I can't stand the weight
Something I forgot to mention
Is I don't know if I'll stay
I don't know what I want
Don't know if I should go
I just need to feel something
If I leave then will I know?

I was quiet for too long, couldn't feel it
Didn't know how
Through the house here, what we breath in
What we know now

It's real, don't you let go
I mean it, just so you know

She's in my ceilings
I need what's in her motion
I hear her breathing
Perfectly in motion

No, I can't stand the tension
No, I can't stand the weight
Something I forgot to mention
Is I don't know if I'll stay
I don't know what I want
Don't know if I should go
I just need to feel something
If I leave then will I know?

Could you leave with me?...
