

## Detonator

Running Wild

Getting loaded, the heat is on  
A bomb exploded, I'm getting hun  
The body's raging, well, I see red  
No more caging, 'til the hunger's fed  
-Words of thunder, storm breaks loose  
Now, going under, no way to move  
I'm a flash of lighting, cracking to the ground  
The heat is melting, release is found  
T.N.T. is the deepest part of me  
Dynamite, the stuff to get it right  
Detonator  
I smash your mirror, saw the truth behind  
Gone to zero, I'm not blind  
Toxic terror, that's what you are  
Insulting error has gone to far  
Getting loaded, the heat is on  
A bomb exploded, I'm getting hun  
The body's raging, well, I see red  
No more caging, 'til the hunger's fed
