

One Night, One Day

Running Wild

Oh one night, you start to wonder
Oh one night, you see the signs
Oh one night, you start to ponder
Oh one night, the light declines

Oh one night, you feel the earth quakes
Oh one night, you see the flood
Oh one night, you feel the ground breaks
Oh one night, world drowns in blood

Oh one night, you see the lightning
Oh one night, the ashes fall
Oh one night, the darkness' rising
Oh one night, revelation's call

Oh one day, the new world order
Oh one day, is falling down
Oh one day, they'll cross the border
Oh one day, to hell, their crown

Oh one day, the dawn is rising
Oh one day, now freedom's on
Oh one day, a new horizon
Oh one day, the evil's gone

Oh one day, the darkness' fading
Oh one day, a world upside down
Oh one day, a world upgrading
Oh one day, paradise is found

Oh one day, an old world dresses
Oh one day, in a brand new spring
Oh one day, you raise your glasses
Oh one day, resurrecting king
Resurrecting king
