Tell me what you want from me

You make badman sing song for you  
Is that not enough for you  
Tell me what you want from me  
It's nothing but love for you  
You make badman sing song for you  
Wish nothing but love for you

Say I don't wanna play no games, emotion  
Reason why I feel way I feel way, I feel omo na emotion
