

Be Someone

RuPaul

Da da da da dum.
Da da da da dum.
Da da da da dum.
Da da da da dum.

Imitation ain't inspiration,
So forget the flattery and give me sincerity!
Second guessing impersonators,
Hate instigators.
You'll never take the way from me!

Don't ever let nobody break you down,
Don't never let nobody try and steal your crown.
Get up and do what you were meant to!
Be the star you know you are,
It's time to roar!

Everyone can be someone
If you want to, I can show you!
Everyone can be someone, but you got to
Show the real you and be someone.

Da da da da dum.
Be someone!
Da da da da dum.
(Be someone!)

Da da da da dum.

Da da da da dum.
Da da da da dum.
Da da da da dum.
Da da da da dum.
Be someone!

Superficial and it's official.
Better find your frequency
Till you do, you'll never see.
Beauty is in your own reflection
Introspection, not perfection's what you need.

Don't ever let nobody break you down,
Don't never let nobody try and steal your crown.
Get up and do what you were meant to!
Be the star you know you are,
It's time to roar!

Everyone can be someone
If you want to, I can show you!
Everyone can be someone, but you got to
Show the real you and be someone.

Da da da da dum.
Be someone!
Da da da da dum.
(Be someone!)

Da da da da dum.

Da da da da dum.
Da da da da dum.
Da da da da dum.
Da da da da dum.
Be someone!

I am somebody!
I am someone!
(Yeah!)
I have somebody!
I am someone!

Everyone can be someone
If you want to, I can show you!
Everyone can be someone, but you got to
Show the real you and be someone.

Everyone can be someone
If you want to, I can show you!
Everyone can be someone, but you got to
Show the real you and be someone.

Da da da da dum.
Be someone!
Da da da da dum.
(Be someone!)
Da da da da dum.

Da da da da dum.
Da da da da dum.
Da da da da dum.
Da da da da dum.
Be someone!
