

## Cake & Candy

RuPaul

Stunting on these bitches, it's Miss Paul just call me Mrs  
Put it on for a living full time job I keep it dripping  
Don't you know flexing on these hoes  
(I work, I work I work, I put in work, I work, I)  
I make it look easy I'm good at it when they see me  
Automatic cover girl supermodel of the world  
Yes I'm a pro flexing on these hoes  
(I work, I work I work, I put in work, I work, I)  
I'll tell you what I want

Cake and candy, cake cake and candy  
Just a little something that I think I deserve  
Cake and candy, cake cake and candy  
Cake and candy, cake cake and candy

They just don't know what it takes keeping food on the table  
I be slaying for the motherfuckin' payroll  
No question, I do provide  
Mama want something sweet when I'm done for the night  
All day I walk sissy and it got my feet hurting  
Hard to believe me never see me break a sweat, but I earn it  
I need more juice in the batteries  
You know these calories burnin' and it got me yearning  
For something that melts in my mouth and not in my hand  
I can do without, but I won't cause I can  
Red velvet chiffon I ain't talkin' bout gowns  
It's about to go down  
And it got my mouth watering at the thought of it  
I should have a little bit, but I want all of it  
Cause I been so good sweet tooth cryin' out  
Want what I want and I want it right now

Cake and candy, cake cake and candy  
Just a little something that I think I deserve  
Cake and candy, cake cake and candy  
Cake and candy, cake cake and candy

Cake and candy, cake cake and candy  
Just a little something that I think I deserve  
Cake and candy, cake cake and candy  
Cake and candy, cake cake and candy

Fuck it up, run me that sweet  
Purple yam, red bean, honey green tea  
Make me say mmm  
Fuck it up, run me that sweet  
Purple yam, red bean, honey green tea  
Make me say mmm

Cake and candy, cake cake and candy  
Just a little something that I think I deserve  
Cake and candy, cake cake and candy  
Cake and candy, cake cake and candy
