

# Catwalk

RuPaul

'Cause when we live in the light  
We taste the sweet life  
So walk how you feel like

Forgive me father, for I have sinned  
I did show some skin  
Don't fight (shhh), give in  
You can call me greedy, I feel that  
The whole world, I need that  
So ass out and horns up (ass out and horns up)

Check!  
From the country to the silver screen  
It's Angie, bitch, livin' out my dreams  
I was always taught to walk with grace  
Confidence, poise and tons of face  
I've never been afraid to live out loud  
I just wanted to make my daddy proud  
And at the end of the day, I'ma always slay  
Never let a bitch take my shine away

Hit 'em with your catwalk  
Everywhere you go, everybody knows  
You're somebody, the way you work that body  
Hit 'em with your catwalk (everywhere you go)  
Everywhere you go today (everybody knows)  
You're somebody, the way you  
Like the world is your runway

You see me stomp the floor, left to right  
Walk the runway with my heels sky high  
Now take the picture, catch the light  
Clawed my way to the top, now I'm taking what's mine  
So I strut to the beat, and even if I fall  
I shove a safety pin through it and I stand real tall  
Yeah, the mug is stamped and my waist is thinner  
So you Betty be ready cause I've always been a winner

L to the A to the D to the Y  
Like a shooting star straight to the sky  
Gonna make you snap, gonna make you say  
Step, smack, and a Pas de Bourree  
Twist, turn, levitate  
Act, pose, captivate  
When I hit that stage, I'ma drive you crazy  
Serve it to you like a lady

Mmm, take a "wiwwow" pill  
Do my sick bitch looks have you feeling ill?  
Kick it up to the top 'cause I came to kill  
And kick it back in my dreams where I like to chill  
Cute, absurd and a touch of ugly  
I celebrate life, let's pour the bubbly  
We live in a matrix, I'm the solution  
Get lost in my sauce 'cause it's all an illusion

Hit 'em with your catwalk

Everywhere you go, everybody knows

Hit 'em with your catwalk (everywhere you go)
