RuPaul

Straighten up  
Assume the position  
Eagle eyes  
Assess the competition

You fought the fight  
With all your might  
Something to prove  
You gave your heart  
Right from the start  
So proud of you

Condragulations, you're number one  
I wanna thank you for a job well done  
Condragulations, you're so much fun  
Now let me tell you all the prizes you have won

Condragulations  
Condragu-la-la-la-la-la-lations  
Condragulations  
Condragu-la-la-la-la-la-lations

All the years  
All the preparation (H)  
Has paid off  
In the recognitions, hey hey

You fought the fight  
With all your might  
Something to prove  
You gave your heart  
Right from the start  
So proud of you

Condragulations, you're number one  
I wanna thank you for a job well done  
Condragulations, you're so much fun  
Now let me tell you all the prizes you have won
