

# Dance With U

RuPaul

[Verse 1:]

Take my hand, I got a place for you  
Out on the dance floor  
One more time, I wanna rendezvous  
Out on the dance floor

[Pre-Chorus:]

Feel the night  
In a fall from time  
As I, lose my mind to you, again  
If I ever said goodbye  
I would, lose my mind to you, again

Turn the lights, down, now  
Turn the music, loud  
(I wanna dance)  
Lights down, now  
Turn the music, loud  
(I wanna dance)

[Chorus x2:]

I wanna dance dance  
I wanna dance dance  
I wanna dance dance  
(Dance with you)  
I wanna dance dance  
I wanna dance dance  
I wanna dance dance  
(Dance with you)

(Just take the ride, Girl take a ride and dance with you)

[Pre-Chorus:]

Turn the lights, down, now  
Turn the music, loud  
(I wanna dance)  
Lights down, now  
Turn the music, loud  
(I wanna dance)

[Chorus x2:]

I wanna dance dance  
I wanna dance dance  
I wanna dance dance  
(Dance with you)  
I wanna dance dance  
I wanna dance dance  
I wanna dance dance  
(Dance with you)
