Gravity takes to the sky

Daydreams not enough for us We can't hide behind this feeling Losers find a place for love Up above the clouds

Take me up Wanna fly tonight Take me up Gonna fly tonight

Take me uh, uh uh up Woah oh oh Woah oh oh We can fly tonight Woah oh oh Woah oh oh Woah oh oh Woah oh oh We can fly tonight

You, yeah you You and I see eye to you You, yeah you Show me that truth is a lie

Daydreams not enough for us
We can't hide behind this feeling
Losers find a place for love
Up above the clouds

Take me up Wanna fly tonight Take me up Gonna fly tonight

Take me up, up up up Woah oh oh Woah oh oh We can fly tonight Woah oh oh Woah oh oh Woah oh oh We can fly tonight

Nothing, nothing, really matters We're taking off, let's go get lost Nothing, nothing, really matters We're taking off, let's go get lost Take me higher, and higher We're taking off, off, off,

Take me up Gonna fly tonight Take me up
Gonna fly tonight
Take me up
Wanna fly tonight
Take me up
Gonna fly tonight
..night, night, night..

Take me up, up up up
Woah oh oh
Woah oh oh
We can fly tonight
Woah oh oh
Woah oh oh
Woah oh oh
We can fly tonight

We fly tonight, we fly tonight, we fly tonight
We can fly tonight
We fly tonight, we fly tonight, we fly tonight
We can fly tonight
We fly tonight, we fly tonight, we fly tonight
We fly tonight, we fly tonight, we fly tonight
