

# Mighty Love

RuPaul

We are a mighty love  
A mighty mighty love, uh, hey baby  
We are a mighty love  
A mighty mighty love, uh, hey baby

(Yeah)  
When I look in your eyes  
I get hypnotized  
And when you're near me  
Oh when you call my name  
(Mighty, mighty)  
When you call my name.

(Yeah)  
Darkening clouds  
Stormy weather  
There's no doubt  
We're gonna stick together

(Uh!)  
Baby, you know why  
Our love is on the outside  
There's no doubt  
We're gonna stick together

We gon' stick together  
Let's stick together  
We gon' stick together  
Let's stick together  
We gon' stick together  
Let's stick together

We are a mighty love  
A mighty mighty love, uh, hey baby  
We are a mighty love  
A mighty mighty love, uh, hey baby

Suddenly  
In a focussed  
You and me  
We got the love's a breeze  
Oh, baby  
We got the love's a breeze

Mighty mighty love, uh, hey baby  
We are a mighty love  
A mighty mighty love, uh, hey baby  
We are a mighty love  
A mighty mighty love, uh, hey baby

We got that babe  
That's right  
That's right

We gon' stick together  
Let's stick together  
We gon' stick together

Let's stick together  
We gon' stick together  
Let's stick together

We are a mighty love  
A mighty mighty love, uh, hey baby  
A mighty mighty love, uh, hey baby

We are a mighty love  
A mighty mighty love, uh, hey baby  
We are a mighty love  
A mighty mighty love, uh, hey baby

We gon' stick together  
Let's stick together  
We gon' stick together  
Let's stick together  
We got that babe
