

# Queendom

RuPaul

I used to play ball like a girl  
Now I slay ballroom floors 'cross the world  
Shame to waste talent, and all of this nerve  
Unique charismatic, my calling is to serve

Daddy didn't like when I'm feminine cunt  
But I got a, got a right to give the people what they want  
Turns out they wanna work it, walk and talk and watch me  
Pose and turn and flaunt

Look at me now  
Media outlets they booking me now  
Dreaming up outfits I put on the gown  
I put on the crown  
They shooketh it's scary and bitches be wary  
Now it's going down

Feminine fem to the fem the fem fem  
I don't give a fuck, I would do it again-gain  
Elegant, dressed to the nines, the ten tens  
Get it in, got it, I'ma serve it to them

Bitch, you better drop to the ground, drop to the ground  
If you wanna come for the crown, come for the crown  
Coughing up the coin for the house, coin for the house  
Watch these bitches bow down

Blessed are the cunt  
For theirs is the queendom, they got the key  
Blessed are the real ones  
Don't need a reason, thy will be done  
Bless up to my children  
What do you dream of, babe I believe ya  
Yours is the queendom, we 'bout to be up  
Keys to the queendom, we 'bout to be up

(Hold up) Who got the keys to the queendom?  
(What?) Who got the keys to the queendom?  
(Oh) We got the keys to the queendom  
I heard she tryna shade, but really, I don't see her

(Hold up) Who got the keys to the queendom?  
(What?) Who got the keys to the queendom?  
(Oh) We got the keys to the queendom  
I heard she tryna shade, but really, I don't see her

This is the back, this is the front  
Look like a snack, feel really cunt  
Bitches they know, I wear the crown  
I claim the throne, can't nobody tell me sit down

I dream it, I claim it, I speak it out loud  
Prestige on my name you know what I'm about  
You know we got clout  
The taste and the sound kinda fishy  
But sweet when my name's in they mouth

So obvious that I would make it  
I sashay in bitches they can't take it  
Real from day one, never had to fake it  
'Cause all of this is drag, we were all born naked (Feel it)

Drop-drop to the ground, drop to the ground  
Rise up to the crown, up to the crown  
C-coin for the house, coin for the house  
Now watch these bitches bow down

Blessed are the cunt  
For theirs is the queendom, they got the key  
Blessed are the real ones  
Don't need a reason, thy will be done  
Bless up to my children  
What do you dream of, babe I believe ya  
Yours is the queendom, we 'bout to be up  
Keys to the queendom, we 'bout to be up

(Hold up) Who got the keys to the queendom?  
(What?) Who got the keys to the queendom?  
(Oh) We got the keys to the queendom
