

Ruby Is Red Hot

RuPaul

Eh!

Down and out in lost and found
Had to pick myself up off the ground
Saw the light got turned around
Never gonna be no more, no more, no

Long nights and winter blues
Already paid their dues
I've changed my point of view
Baby, got a new attitude

Ruby is red hot (hot)
Hot fire non-stop (non-stop)
Who got what I got (who got what she got)
Nobody, nobody
Ruby is red hot (hot)
Hot fire non-stop (non-stop)
Who got what I got (who got what she got)
Nobody, nobody

Set my sights, no time for fools
Put on my crowning jewels
Stop the press and alert the news
Never gonna be no more, no more, no

Long nights and winter blues
Already paid their dues
I've changed my point of view
Baby, got a new attitude, oh

Ruby is red hot (hot)
Hot fire non-stop (non-stop)
Who got what I got (who got what she got)
Nobody, nobody (yeah)
Ruby is red hot (yeah)
Hot fire non-stop (non-stop)
Who got what I got (who got what she got)
Nobody (nobody), nobody

Read my lips, see what I said?
You look hungry, ain't been fed
See that queen, try her instead
Got a man up in my bed
Champagne bubbles in your head
But the credit score is dead
Library's open and you have been read

Ruby is red hot (red hot)
Hot fire non-stop (non-stop)
Who got what I got (oh baby, baby)
Nobody (nobody), nobody (yeah-yeah)
Ruby is red hot (really hot)
Hot fire non-stop (non-stop)
Who got what I got (who got what she got)
Nobody, nobody
