

# Stinky Dinky

RuPaul

I went to the, uh, travel bureau agency to, you know, uh, make my reservation... and I smelled that cigarette smoke when I walked in and I said "God damn it, can't stand it, can't stand it..."

And I said: "Hey, is it somebody smoking in here?"

A girl said: "Yes, we all smoke"

As I wonder: "Do you have a cigarette?"

And oh boy, she jumped down my throat: "No! No! No! Don't give her no cigarette"

And I had to curse her out, but I got that cigarette

But you know how it is, it's hard, it's hard to quit, but I'm doing real good. I only smoked two today

That's good

The future belongs to those who can smell it coming
