

Suga Daddy

RuPaul

Real fine bitch with some real fine taste
Stop em in they tracks when they see my face
Got a weakness for shiny thangs
Plus I could use a new place, sugar sugar
I'm seeking an arrangement
Take care of me and I'll be your entertainment
It's my calling long as you make sure both of us ballin'
You can be sure that your little mama all in
They say I'm for the streets, but I wouldn't be
If I had a man of means, you the only one for me
I'll go wherever you take me
And I'ma keep this cake baking
Tell me why should I be modest
If I couldn't profit off of all this
I would just be sitting on it
Expensive to be honest
But you get what you pay for
Daddy it's yours if you want it

Sugar sugar daddy, come and get your, get your candy
Give me everything I need and all of me, I'll let you have it
Sugar sugar daddy, come and get your, get your candy
Give me everything I need and all of me, I'll let you have it

I can speak your language
I'm net worth it baby I'm an asset
Invest in me put me in a higher bracket
And I'll appreciate you more with a passion, give you action
Read the fine print underneath, says my love so sweet
Go deep like your pockets, if you sign right here
Autograph under me left cheek own me you could lock it
I'll be your candy coated lover and devoted to you take me
All around the world cause I'm the girl who's gonna stay sweet
Sweetest with the kisses other bitches no you don't need
Be with you forever no I'll never leave you lonely
Hold me down, cover me in gold
I'm your trophy now I'm your drag queen
Wanna hold that crown, you're my king, go ka-ching
That's my favorite sound, come be my

Sugar sugar daddy, come and get your, get your candy
Give me everything I need and all of me, I'll let you have it
Sugar sugar daddy, come and get your, get your candy
