

## God of My Salvation

Rush Of Fools

You know my every thought before I speak  
You know my every prayer before the need  
You know what lies ahead though I cannot see  
You will not fail me, You will not fail me

I will stand on the promise that You've come to save  
In the day of my trouble, I will seek Your face  
Higher are Your ways above my own  
God of my salvation  
Oh, God of my salvation

That You would know my name, how can it be  
That You have made a way in spite of me  
You're holding all my days, every breath I breathe  
You will not fail me, You will not fail me

You're my song  
You're my song in the night
