

Take Me Over

Rush Of Fools

Here in the desert place
I've found nothing but a stone
Here in the heat of day
My heart, it thirsts for You alone
So let me know

There's peace, peace like a river
There's joy, joy like a fountain
There's love, love like an ocean
Take, take, take, take me over

Your love is flowing down
You are the water to my soul
Come flood the fallow ground
Come now and make it beautiful
So I would know

Let it rain
Let it rain down
Let it rain down on me
Let it rain
Let it rain down
Let it rain down on me

Take, take, take, take me over
(Let it rain)
Take, take, take, take me over
(Let it rain down)
Take, take, take, take me over
(Let it rain down on me)
Take, take, take, take me over
