The Body Electric

One humanoid escapee One android on the run Seeking freedom beneath a lonely desert sun Trying to change its program Trying to change the mode -- crack the code Images conflicting into data overload One-zero-zero-one-zero-zero-one SOS One-zero-zero-one-zero-zero-one In distress One-zero-zero-one-zero-zero Memory banks unloading Bytes break into bits Unit One's in trouble and it's scared out of its wits Guidance systems break down A struggle to exist

A struggle to exist To resist A pulse of dying power in a clenching plastic fist

One-zero-zero-one-zero-zero-one SOS One-zero-zero-one-zero-zero-one In distress One-zero-zero-one-zero-zero

It replays each of the days A hundred years of routines Bows its head and prays To the mother of all machines
