Fell in love with a thug when she met me  
Hold you down if you let me  
(This is tight, don't let)

Fell in love with a thug when she met me  
Hold you down if you let me  
Mash the pum pum up, can't forget me  
When she arched her back, it impress me  
G5, control it when she sex me  
Tongue emoji when she text me  
Might give my girl a daughter if she lets me  
Hold you down if you let me

Left the usna wet like a jetski  
Handcuff, shawty, try arrest me  
In the hotel room, gettin' messy (Tek that)  
Who man? I got feelings too  
Fucked up anytime I'm beefin' you  
Been for love, still healin' too  
When I say dumb shit, I'm misleadin' you  
Mamacita, that's my princess  
Fuck your ex-boyfriend, he's a pumplex  
Play dirty, taught with my index  
Hands on my Amiri, make her undress  
Make her feel it in her belly  
One of a kind, God really blessed me  
Open up and accept me  
Missionary, hug up and caress me (Shatai)
