Russ Millions

(Gotcha)

(Sebz Beats, baby)

I'm a child of God, but I'm deep in sin
Flung by in that— was it me or my twin?
Got a new lil' ting with a body like Kim
Since '019 Killy Milly been king
It's evident that I've been consistent
From young, been blessed with a lot of wisdom
Get 'em in eyesight and I won't miss them
Hit 'em up, close range or long distance
She can't forget that fuck, want regular
Spin that block, that spot got peppered up
Update, new version, I levelled up
UK drill, Killy Milly's the emperor
Mash up the pum-pum, beat the centre up
I get paid, and they're mad
You're just broke, you're not bad
She wanna fuck, she's dropping her pants
Twerkin', watch the back get span
Spent a hundred racks on a watch
I got more hits and bands than the opps
Ask Orchard, I've been streaming a lot
BMs wanna fuck me raw
She meady, so I'm curvin' yours
I'm sneaky, bring your bitch on tour (Shatai)

You know it, yeah

Think we're goin' double platinum, number one, yeah?
