

Guiding Light

Russ Taff

Lift me Father from the ground
Help me stand up like a man
Right my shoulders raise my head
Help me do the best I can

I need Your guiding light
The night falls I love my sight
I need Your loving hands
To hold me safely
So I won't fall again
I need you

Holy Father, share this load
And help me find my strength again
Walking down this long, long road
I'm leaning on You like a friend

I need Your guiding light

The night falls
I lose my sight
I need Your loving hands
To hold me safely
So I won't fall again
I need You
I know I need You

Your love shines
Just like a beacon in the night
Illuminates each step I take
It keeps me on the path of life
I need Your guiding light
The night falls
I lose my sight
I need Your loving hands
To hold me safely

So I won't fall again

I need You
Come, I need You
