

Make Me Whole

Russ Taff

You can lead me to the river
Drop me down on my knees
You can read incantations just for me
I will gaze up to heaven and admit my disease
I will ride in the water or I will freeze

Lord I will say what you want me to say
I will pray what you want me to pray
Just please, make me whole!
Make me whole!
Make me whole!
Make me whole!

Picture a party
A banquet a table well spread
And we all are invited
The worn -out, the wounded the unwanted the masses were there
The host he is there I'm just trying to get near him
Then I see him reach out his hand
Please make me whole
Make me whole!

I'll say what you want me to say Lord
I will pray what you want me to pray
Just please, make me whole!
Make me whole!
Make me whole!
Only you can heal me Make me whole!
I wanna be whole
Make me whole
I wanna be whole Lord for my children
Make me whole I wanna be whole Lord
Only you!
