

Vision

Russ Taff

These eyes can see much further now

You have come

For the first time I can see beyond

There's no rebellion locked inside of my heart

Because your love has just begun to

Cut me like a knife

It breaks through

Starting to reveal You

No more fighting for my own way

I'm Yours

And you have given me

Chorus:

Vision - to believe in a brave, new world

Vision - to believe in the power of love

Vision - to believe in a brave, new world

Vision - to believe in the power of love

I had illusions of the way life should be

And chose the part that I would play

But by Your hand I see my plans swept away

Because Your love has just begun to

Cut me like a knife

It breaks through

Starting to reveal You

No more fighting for my own way

I'm Yours

And You have given me

Repeat Chorus

To believe in the power of love

It's love, it's love

It's a brave new world

The power of love

It's love

It's a brave new world of love

It's love, it's love

It's a brave new world

The power of love

It's love
