

Basement

Russ

Yeah
Mm, yeah yeah
Yeah yeah, yeah yeah

Love me like I'm still in the basement (yeah)
Love me like I still haven't made it (yeah yeah)
Who are you if you ever give up? (yeah yeah)
What's real love without slip ups? (hey)

I been drinkin' 'til I can't see any red flags
(I ignored your faults)
'Nother couple shots I'm probably gonna text back
(I ignored your faults)
These other women, something's missin'
When I fuck 'em, barely touch 'em
When I fuck you, we be kissin'
Oh, oh, oh, oh, I
(I ignored your faults)

Love me like I'm still in the basement (yeah)
Love me like I still haven't made it (yeah yeah)
Who are you if you ever give up? (yeah yeah)
What's real love without slip ups? (hey)

Love me like your momma doesn't hate me
I ignored your faults
Ain't you say all your friends say that they rate me?
But I ignored your faults
And now these new ones I ain't used to
They be tryna do what you do but they missin'
'Cause they shit ain't LOE
I heard your momma talkin' like she blames me
But you know this is your fault

Just tryna get you closer
Yeah fuck you and your closure
So I ignored your faults
I tell you to come over
Don't care that I'm not sober
Just ignore my faults

Love me like I'm still in the basement (yeah)
Love me like I still haven't made it (yeah yeah)
Who are you if you ever give up? (yeah yeah)
What's real love without slip ups? (hey)

Just tryna get you closer
Yeah fuck you and your closure
So I ignored your faults
I tell you to come over
Don't care that I'm not sober
Just ignore my faults
