

Can't Let Go

Russ

Yuh
Yuh
I can't let go
(Can't let go) yuh

No matter how much we fight, I can't let go of you (go of you)
Got this hold on me (this hold on me), I got this hold on you (yeah)
Ain't nobody better for you, yeah, you know it's true (know it's true
)
Girl, you know it's me, just like I know it's you, yeah

How many times we thought that we were done and we came back? So
We ain't going nowhere 'cause we love right where we at, so
Maybe we need to tap into the present, champagne, bubble bath you bou
tta get it
Sunset, who's gonna come quicker, you or the moon, I got you, let's b
et it
Can we just ride around? Night time quiet town
Where you wanna go? Don't care, just ride around
Hit the gas in the Bentayga I just bought you
I just want you

No matter how much (yuh) we fight, I can't let go of you (go of you)
You got this hold on me (this hold on me), I got this hold on you (ye
ah)
Ain't nobody better for you, yeah, you know it's true (know it's true
)
Girl, you know it's me, just like I know it's you, yeah

Why we keep on acting like we're leaving?
Knowing damn well that we not is misleading
We both got reasons, we both got demons
Break up at noon, we'll be fucking by the evening
Who hurt who worst, why are we competing?
Trigger finger itchy but I'd rather be squeezing
Both of your titties, I'm holding them while we sleeping
Waking up mad, had a dream that we were cheating, screaming
I don't wanna think about life without you
In so deep, don't remember life without you
I don't wanna argue, just stop it
If we ain't breaking up, then let's just drop it
Switching up the topic, flying to the tropics
Said you want a Benz, what'd I do? I copped it
If petty threw a concert, we'd be in the mosh pit
Imaginary lines, we crossed it, fuck it, I'm off it, yeah

No matter much (yuh) we fight, I can't let go of you (go of you)
Got this hold on me (this hold on me), I got this hold on you (yeah)
Ain't nobody better for you, yeah, you know it's true (know it's true
)
Girl, you know it's me, just like I know it's you, yeah
