You wanna be Rihanna  
When you gonna realize she wants you to be you?  
You wanna be Beyoncé  
When you gonna realize she wants you to be you?  
And that goes for they, too  
Why dont you hold on to  
Everything you have?  
Cause you dont see, you dont see it  
Im just here to introduce you  
To yourself and all your love  
When it comes to the void in your soul, fill it up  
Yall spilling guts from the blunt more than love  
What the fuck?  
You wanna be Rihanna  
When you gonna realize she wants you to be you?  
You wanna be Beyoncé  
When you gonna realize she wants you to be you?  
And that goes for they, too  
Yall girls are slaves to  
The outside world, damn  
Its beside this guy you lost  
But look within, oh, girl  
We never needed all that talk  
You were gonna do it regardless  
You were gonna do it regardless  
Cause youre a boss  
You wanna be Rihanna  
When you gonna realize she wants you to be you?  
You wanna be Beyoncé  
When you gonna realize she wants you to be you?  
And that goes for they, too
